GOOGLE LOCAL SERVICES ADS

5 myths about Google's Local Services Ads.

The ads at the very top of the search. Here's how they actually work.

01

Myth: you pay per click.

You pay Google per lead, like a call or a message from a real customer. Not per click.

02

Myth: it's all one bill.

The ad spend is paid to Google, separate from what you pay any agency. Our package is $399/mo plus ad spend paid to Google.

03

Myth: junk leads are wasted money.

Wrong number? Spam? Not a real job? You can dispute it, and Google credits the leads that don't qualify.

04

Myth: anyone can turn them on.

Google screens the business first. Most trades earn the Google Verified badge once Google's screening clears.

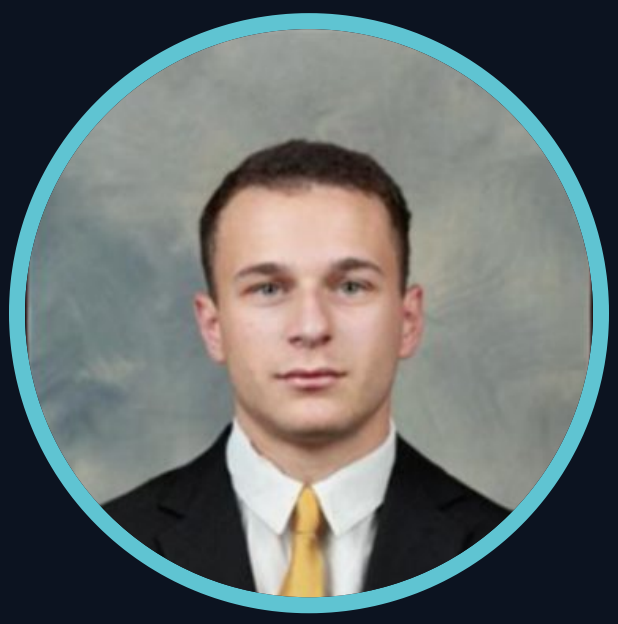

05

Myth: it's "Google Guaranteed."

Google renamed the badge Google Verified in October 2025 and ended the money-back guarantee. Anyone still selling a guarantee is out of date.

We hold the payment link until Google says yes.

Nobody should pay for ads that can't run yet.
